Kim & David Chauvin  
5248 Bayou Drive  
Chauvin, LA 70344

Dear Kim and David:

Thanks to you both for your kindness and hospitality! It was a pleasure to meet you both and to gain some understanding about how your business works - and about possible ways that we could be of assistance to fishermen and processors in your area. We were delighted that it worked out so that we could come aboard your boat as well - top notch vessel!

Your progressive and successful approach at Mariah Jade Shrimp is encouraging to say the least. In difficult times and in a demanding market you are pioneering new ways to deliver your product with your online presence. The entire industry benefits from the educational work that you do - and consumers outside your region have the opportunity to enjoy the finest shrimp from the Gulf.

And speaking of shrimp, thank you for feeding us some of the best we've ever tasted!

Best wishes for a good season,

Greg Sangster
